The following set of standard information details the business and the services that consumers can receive or expect to receive from Kinecx Energy as required under Section 2 of the [Consumer Information Code](#).

Steps 1 to 6 below apply to privately-owned housing and commercial premises. We will continue to liaise with the Northern Ireland Housing Executive and Housing Associations to ensure that gas, where available, is the fuel of choice for its tenants.

1. How to check gas availability

1.1 Kinecx Energy owns, operates and develops the natural gas network throughout the Ten Towns Licence area, including Derry/Londonderry, Coleraine, Ballymena, Ballymoney, Limavady, Antrim, Armagh, Craigavon, Banbridge and Newry.

1.2 To find out if your property can get connected, simply enter your town and postcode online on our [Gas Availability](#) website page.

1.3 If you would prefer to talk with a Kinecx Energy gas representative or have us contact you, please get in touch using any of the options detailed in Section 10.

1.4 Full details on how to get connected to the natural gas network can be found in the [Connection Policy](#) available for viewing on our website.

2. How to contact Kinecx Energy to discuss connecting to the gas network

Existing Homes and Businesses

2.1 Your Kinecx Energy representative can offer you expert advice to help you save energy and money throughout your home or business, as well as a clear explanation of how gas could benefit you. To make an appointment please:

- complete the enquiry form online at our [contact us](#) page and a member of our Customer Services team will get in touch with you; or
- contact us using any of the options detailed in Section 10.

New Build Properties and Refurbishments

2.2 Your Kinecx Energy representative will be pleased to discuss gas installation requirements for new build developments and refurbishment projects. We provide a full design for all projects and will give advice from early design stage to actual installation.

2.3 Please get in touch using any of the options detailed in Section 10.

3. How to arrange a connection to the Kinecx Energy gas network

3.1 To arrange your connection to the natural gas network please call our Customer Services team on 0330 236 7090 or contact us using any of the options detailed in Section 10.

3.2 Your home or business will either be fitted with a pre-payment or credit meter; this can be discussed with your Kinecx Energy representative. Once your planned connection date has been confirmed, you should then advise your installer so they can schedule the installation of your natural gas appliances in your home or business.

4. The Kinecx Energy Standard Terms and Conditions for connection

4.1 The [Terms and Conditions](#) that apply to all connected homes or businesses, regardless of whether you have signed a Gas Connection Agreement, can be found on our website.

4.2 If you are the current owner of the property, including where you are a landlord, you are bound by these Terms and Conditions.

5. How to choose a supplier

5.1 Kinecx Energy owns, operates and develops the natural gas network throughout the Ten Towns Licence area. Our network serves Derry/Londonderry, Coleraine, Ballymena, Ballymoney, Limavady, Antrim, Armagh, Craigavon, Banbridge and Newry.

5.2 Kinecx Energy is responsible for connecting homes and businesses to the gas network. Home owners or business premises wishing to connect to the gas network must request a connection from Kinecx Energy. Customers have the choice of using any licenced Gas Supplier in the Ten Towns area. Gas users may change gas supplier by simply contacting an alternative supplier. Supplier contact details can be found in the section below.

6. How to find an installer

6.1 From 1st April 2010 the Gas Safe Register¹ replaced Corgi as the new official hallmark for gas safety in Northern Ireland. To find out more visit the [Gas Safe Register](#) website.

6.2 To help you find a suitable installer, Kinecx Energy has compiled localised directories of Gas Safe Registered Installation companies who have all demonstrated their ability to meet certain minimum standards. The names and addresses of your local installers are available on our [website](#).

6.3 Please ensure that your selected installation company is qualified in the work category you require.

6.4 Kinecx Energy accepts no liability for any equipment installed or for the standard of work completed by an installation company listed in the customer guide. The contract for the work carried out is between yourself and your chosen installation company.

6.5 For all types of installation work involving any fuel type you will require a building warrant. This can be obtained from your local building control office.

7. How to make an enquiry or lodge a complaint

7.1 Kinecx Energy has a separate note which provides you with everything you need to know about making an enquiry. It also describes our [complaints handling procedure](#) in the event that you wish to lodge a complaint. To find out more visit our website.

8. Kinecx Energy Standards of Service

8.1 Kinecx Energy is committed to delivering a high quality service to its customers. Under the Gas (Individual Standards of Performance) Regulations (Northern Ireland) 2014, all gas companies in Northern Ireland must observe a set of agreed Guaranteed Service Standards. The targets themselves have been fully endorsed by the Northern Ireland Authority for Utility Regulation and the Consumer Council for Northern Ireland, the consumer body charged with representing the interests of gas consumers, in accordance with Condition 2.9 of Kinecx Energy's Gas Distribution Licence.

8.2 The Kinecx Energy Guaranteed Standards of Service can be assessed online at [Guaranteed Standards of](#)

¹ For further information contact: Gas Safe Register, PO BOX 6804, Basingstoke, RG24 4NB;
Phone: 0800 408 5500; Web: <http://www.gassaferegister.co.uk/>

Kinecx Energy is a trading name of Kinecx Energy Limited. Registered Number 05375370.
Registered Office: 10th Floor, 5 Churchill Place, London, England, E14 5HU.

9. Contact details or other special services in the event of an emergency

If you smell gas you must telephone the 24-hour gas emergency service on 0800 002 001

9.1 Natural gas is a very convenient, clean and versatile fuel. But like all fuels it must be handled wisely to ensure its safety and efficiency.

9.2 If you think you smell gas:

DO

Do Phone our 24 hour emergency 0800 002 001
Do turn off the gas supply at the meter;
Do extinguish all naked flames;
Do check gas appliances to see if the gas has been left on unlit or that a pilot is out; and
Do allow immediate access to our engineer.

DO NOT

Do not turn any electrical switches, including door entry systems, on or off;
Do not use matches or light naked flames;
Do not smoke.

9.3 Also, for all reports of 'smell of gas in cellar' customers are advised:

- Do not enter the cellar; and
- Evacuate the entire premises.

The call handling team may ask you to provide additional information that may be useful to pass on to the first response engineer.

9.4 How to Isolate Your Gas Supply

If you smell gas you must telephone the 24-hour gas emergency service on 0800 002 001

Kinecx Energy is a trading name of Kinecx Energy Limited. Registered Number 05375370.
Registered Office: 10th Floor, 5 Churchill Place, London, England, E14 5HU.

- In addition, to turn off your gas supply, you first need to locate the gas isolation valve. In many houses or businesses, the gas meter and isolation valve are often located outside in a meter box.

Turn off the gas supply at the emergency control valve on your meter.

10. Contact us

10.1 If you require any advice please get in touch using any of the following options:

10.2 Online

- a. You can contact our Customer Services team by visiting our website and completing the [online form](#).
